

QColor™

204-RL RGB Simple Controller

ATG ELECTRONICS

QColor™ 204-RL RGB Simple Controller is a basic model RGB controller for driving Infinity™ K108T and K150T.

QColor™ 204-RL has 10 color patterns preprogrammed and 10 degrees of changing speed of each pattern. Just set the slide-button to manage and choose a desired pattern. It works from 90VAC to 260VAC, converts AC to DC and supplies power to the rope lights.
