LED Underground Lamp

ATG LED Underground Lamps are applied in garden, park, fountain, aquarium, swimming pool and pond for decoration.

Features

- High Brightness

ATG LED Underground Lamps consist of ultra bright LEDs in high intensity, available in red, amber, orange, yellow, blue, green, white and RGB.

- Easy Installation

ATG LED Underground Lamps can be easily installed with accessories. (Refer to the installation guide)
RGB color change version can be controlled by our DMX controller to get fancy performance.

- Extended Life

With little heat, proper drive characteristics and high quality LEDs, ATG LED Underground Lamps have a life time of more than 50,000 hours.

- Humidity/Moisture Resistant

With IP68 Degree, ATG LED Underground Lamps are durable, waterproof, dustproof and no creepage.
Solid-state, Fast turn on; High Shock / Vibration resistant

- Safe Application

Low voltage, safety and stable, Low power consumption and heat generation for energy saving

Technical Specification

LED Parameter

Lighting Source	5mm Round LED				
Beam Angle	120 Degree				
Color Range	Red	Yellow	Blue	Green	White
MCD	200-300	200-300	300-400	500-800	500-800

Product Specification

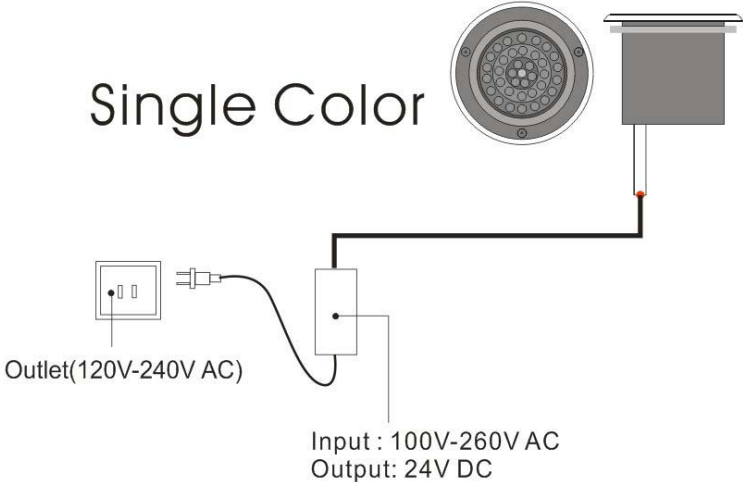

Dimension	φ130*H100 (mm)					
Current	80-250mA					
Base	Molten aluminum body, stainless steel polishing or aluminum alloy faceplate, arcpoly angle refractable glass.					
Working Temperature	-40 ~85°C					
LED Qty	37LEDs					
Operation Voltage	24VDC					
Watts	3Watts					
	Red	Yellow	Blue	Green	White	RGB
	HUL-I037R-013 600-L2	HUL-I037Y-0136 00-L2	HUL-I037B-013 600-L2	HUL-I037G-013 600-L2	HUL-I037N-013 600-L2	HUL-I037T-013 600-L2

Note:

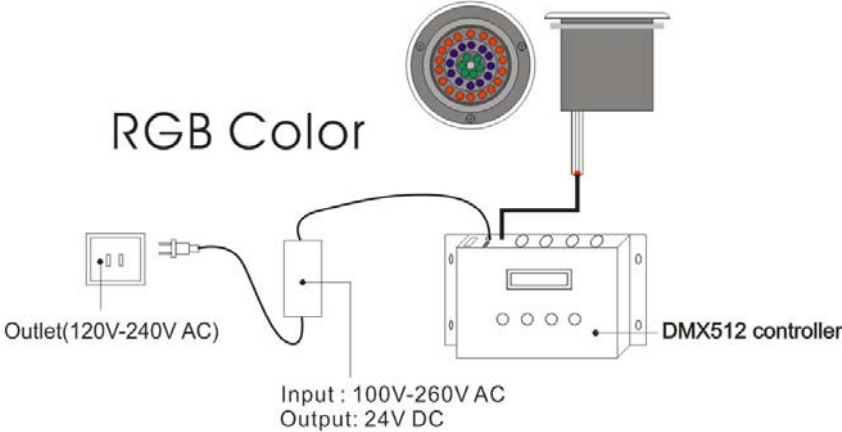

- * Other colors also available as per customers' request.
- * Input Voltage: Also available in 12V DC, 120V AC or 240V AC.
